

SALFORD TOWNSHIP
SEWER & WATER ADVISORY BOARD
January 29, 2010

1. Participants: Curt Klingerman, Jim Styer, Barb Lynch, George Witmayer, Dave Lindner, and Tom Neff.
2. Previous meeting summary: The summary was reviewed and no changes were made.
3. Status of previous recommendations to the BOS: The next BOS meeting is planned for 2/10/10 and the supervisors will consider the recommendations at that meeting.
4. Recommendation for a "2nd opinion" study – Suggested that the review be performed by a senior member of the engineering firm.
5. T Connections: Recommended that an accurate and up-to-date list of all residents that paid for a T connection be maintained by the Township and that the funds paid be reflected in the sewer project financial reports.
6. Next Steps: Depending on the findings of the "2nd opinion" report, if there are adequate reasons to improve the capability and performance of the engineering firm, that a process be developed and initiated to identify a firm with the capacity and capability to prepare a completed plan from the current point through startup, including all ordinances and a timeline showing project completion dates.
7. Next Meeting: 2/5/10, 3:00 pm, Tylersport Fire House.
